

RICK'S Report

Jolly July Edition

A NOTE FROM OUR PRINCIPAL

Dear parents/carers,

We are very excited to share our Naidoc Week – ‘celebrating Country’ artwork which is on display in the admin building and in the foyer of the toilets in the junior school building. Please come and have a look at the wonderful work students have done in sharing what Country means to them.

Student survey results:

We are still celebrating the **significant increase in positive responses** from our students on the recent student survey. Our students are enjoying the many improvements that we have made to the learning environment, the learning, and the opportunities to support social and emotional wellbeing. This was evident in the survey where the positive responses for stimulated learning went from 69.9% to 85%. One of the biggest increases was students feeling they can self-regulate their emotions and behaviour, and then set goals for themselves, this went from 75% to 91%. I would like to congratulate all our staff on their massive efforts in implementing all our improvement areas, and of course thank our students for their trust in us as we have undertaken a comprehensive development phase.

Racism:

Well done families and staff for your work educating our young people about racism. We are making a difference – student survey results showed that the students experiencing racism reduced from 21% to 12%. A huge improvement, however, 12% is still too high. As a community let's aim to get to 0%. Please keep talking to your children about racism and help them to understand the impact this has on others.

Community Garden:

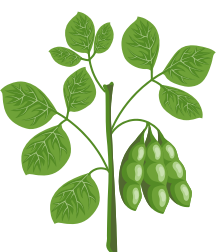

We held our first community garden working bee last Wednesday and have begun developing the plan for the garden. Student leaders led the conversation where the first action was to name the garden project: **'Rick's Garden – Let's grow together'**. Looking forward to the next meeting to see how our project evolves.

New-look 2025 Foundation Transition:

Our first early-bird foundation transition was very successful. Our kinder visitors experienced a small part of our new prep program that will begin in 2025. Our kinder students will have the opportunity to meet all our specialist teachers and work in different parts of the school to help them transition next year. Our next early-bird session will be on **Thursday 15th at 9.30am**. **If parents are here early, we will have cuppas & toys set up at the canteen.**

July was a month of celebrations – looking forward to seeing what August brings.

Jo Osler

I'd like to begin by acknowledging the people of Country, who have taken care of the land and water of which we stand and work on today for at least 60,000 years, and extend my respect to the elders' past and present. We promise to continue to nurture the land that you have connected to and shared with us and preserve all of your natural environment. We acknowledge the past and stand together for our future.

A NOTE FROM OUR SCHOOL CAPTAINS

Hello Warragul North community!

Welcome to Semester 2!

Semester 2 brings with it lots of fun and exciting surprises such as the Lions Club Speaking Competition, Book Week and Footy Colours Day.

From your School Captains
Hailey, Zebo and Jack.

SCHOOL COUNCIL SPOTLIGHT

Hello families and friends of Warragul North Primary School,

I hope you are all staying warm during these chilly West Gippsland winter days!

School Council met on Tuesday evening to discuss a number of key priorities, and I would like to share with you a few highlights from our meeting.

On behalf of School Council, I would like to congratulate our school on its outstanding results from the 2024 Student Attitudes to School Survey. The survey is delivered by the Department of Education and measures student experience of school across a range of areas. The data provides an opportunity for our school to understand what is working well for students and what we can improve.

The significant increase in positive responses reveal that our students feel inspired, empowered and supported in all aspects of their school life. And these results aren't accidental. Over the past 12 months, our school has implemented initiatives to motivate students to build pride, develop agency and foster collaboration, trust and respect between teachers, students and families. All of this has contributed to connected learning experiences and is clearly having a positive impact on student wellbeing and educational outcomes. I would like to thank all Warragul North Primary School staff for their incredible efforts to support our students thrive at school.

You will have noticed some building activity around our school, including the installation of new fencing, play spaces and upgrades to buildings. This work has been prioritised by School Council to ensure that our students have a school environment that is safe, secure, attractive and stimulating. During this year School Council will develop a 3-year plan to prioritise future buildings and grounds works for our school.

School Council plays a role in reviewing and approving activities and excursions, particularly as they relate to costs to both parents and the school. A number of forthcoming activities, including Year 4 Camp and senior swimming was approved at the last meeting.

On Wednesday I met with our community garden working group to start planning for what will be a truly magical space! There were great ideas about how the garden should look, the work that needs to be done and the skills that are required to get our garden growing. If you have any experience in landscaping, horticulture or construction, or you just love gardening, please contact the school and let us know how you would like to be involved.

Finally....did you know that Friday 2 August is Principals Day? It is a great opportunity to celebrate the hard work of our principal Jo, and assistant principals Brad and Toni for their leadership and for overseeing high quality learning opportunities as well as the wellbeing of students at our school. So, when you next see them, say thanks or give them a high five – I know how much they will appreciate it!

Thank you for your support and for contributing to a positive school experience for our students. I look forward to seeing you around the school, especially as the weather starts to warm up!

Jules
President School Council
Warragul North Primary School

NAIDOC Week

NAIDOC Week celebrations are held across Australia in the first week of July each year (Sunday to Sunday), to celebrate and recognise the history, culture and achievements of Aboriginal and Torres Strait Islander peoples. NAIDOC Week is an opportunity for all Australians to learn about First Nations cultures and histories and participate in celebrations of the oldest, continuous living cultures on earth. WNPS, along with many Department of Education Schools, celebrated NAIDOC Week during the first week of term. We reconnected together after the break and shared our connections to Country.

The vision of our Department of Education's Marrung Plan (2016-2026) - "Victoria will be a state where the rich and thriving culture, knowledge and experience of our First Nations peoples are celebrated by all Victorians; where our universal service systems are inclusive, responsive and respectful of Koorie people at every stage of their learning and development journey; and where every Koorie person achieves their potential, succeeds in life, and feels strong in their cultural identity." As a school community, we embrace cultural experiences to share and learn from each other, upholding our school vision and values; respect, inclusion, creativity and inclusion.

NAIDOC WEEK

WNPS has been learning about NAIDOC WEEK. Each class has been making a collage of what Australia and home reminds them of. In 6B we made a big drawing of Australia and then split it up into puzzle pieces and each got our own to decorate. Then we put the puzzle together in the end. In another class, they traced their hands, decorated them, and put them all together like leaves in a tree. A foundation class did all their own little drawings of what home meant to them and put it all on paper. Some classes have also been reading dreamtime or aboriginal stories. It has been interesting learning about it all and we can't wait for the next POD quest!

'Celebrating Country'

As some of the students have already noticed we now have some amazing artwork created us (the students). These collages represent how we connect to Country. Each collage has their own unique and special meaning. 2G decided to make their collage about the seasons and how each one inspires us to go outside and enjoy nature.

3/4R created their collage on how Australian and overseas animals inspire us to connect to country as they have been living on it for so long.

We are so proud of everyone who contributed to all these lovely art works and hope parents can come in and take a look as they are all so great.

Collaboration in Action

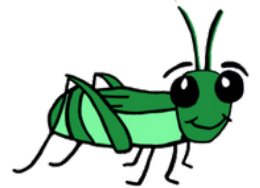

Student Attitudes to School

Each year in May, students from Years 4-6 in government schools participate in the Student Attitudes to School Survey. We are celebrating this year's results with **93% of our students having a positive attendance to school**, up from 82% last year. Our staff have been working endlessly on providing exciting opportunities for learning, participating in our Pod (year level) Quests, and promoting active learning. Our **stimulated learning results, significantly increased to 85% this year**, from 69% last year, reflecting the work that has been happening across the school. Within classes and across Pod levels, students have been involved in morning meetings, developing collaboration strategies and working with a range of students. **84% of students said their sense of confidence has increased** over the last year, up from 76% last year. We are proud of all our staff, students and the wider community for positively encouraging learning, increasing home-school partnerships and creating a culturally safe learning environment. This has also been reflected with a **significant increase to 81% towards managing bullying**, up from 59% last year.

This has been a huge improvement with the data also recognising a significant decrease in students experiencing racism and an increase in students sharing with an adult if they are experiencing issues at school.

We look forward to unpacking these results further with our students and continuing to celebrate our growth and improvements across the school.

What great feedback!
Our new values reflect of all
our students and staff!

Across the Pods...

Athletes begin to arrive for the Pod 5 Potato Olympics

Great excitement is building as the athletes enter the Athlete's Village, ready to compete in the Potato Olympics. Contestants have been carefully chosen from across multiple supermarkets and backyard vegetable patches.

Contestants will compete in multiple events while their trained coaches apply mathematical skills and knowledge to ensure success.

This fun event has all Pod 5 students excited and keen to gauge which athlete has the capabilities to take out the gold!

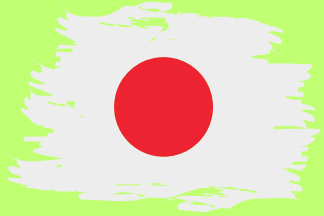

Stay tuned for more news regarding this wonderful, active learning experience!

Pod 5 Community

Foundation Pod celebrated 100 days of Learning on Monday 29th July. There were lots of activities involving 100, dancing to 100 and dressing up as 100! Well done on your first 100 days of your learning journey. Mr Mumford even got to catch up with Granny Burleigh again this year.

SPECIALIST SNIPPETS

Our bonsai babies are starting to sprout, and in Japanese/Sustainability we've been taking care of them.

We've enjoyed making our pots in Art and then using them for our bonsai babies in Japanese.

Our school is celebrating the fact that our school has reached 3000kg or 300 tonnes worth of food scraps, weighing the same as a limousine.

CONGRATULATIONS!

Remember to think sustainably and reduce rubbish in lunchboxes.

The 5/6 Hooptime teams have been training. They are ready to compete next Thursday.

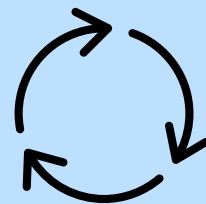

The preps are starting STEM this semester.

Next week is also science week. Keep your eye out for Pod 5 showing off their science skills with Miss Blair.

Our Early Bird Foundation 2025 Transition started last week. Mr Davey kicked it off with 'Levelled Up' and then the students enjoyed some 'reading magic' in the library with Mr White. We can't wait for the next one.

Our 5/6 Pods started their project rotations this term with their specialist subjects. We can't wait to see the projects at the end of the rotation.

In the Community...

March On

A huge congratulations to Nate W in Year 5 who raised money for 'March On' earlier this year. What an amazing achievement!

During March of this year, I was involved in a fundraiser called March On where I signed up to walk 96kms over the month. 96Km represents the length of the Kokoda Trail.

March On is a charity that raises money to help prevent Veteran suicide by providing mental health support.

By the end of March, I completed 105kms and raised \$1733.44. The money I raised helped provide 144 peer support sessions, employment support for 86 Vets and 7 psychology sessions.

The reason I chose to complete March on is to show my respect to all of the people who served and fought for our country and to my Uncle who served in Afghanistan.

Interleague Achievements

Keira is a three-sport athlete in Year 6. She also participated in the Girls Interleague Team, she got the best on medal and kicked one goal. Her football game was held at Nar Nar Goon Reserve. This was Keira's second time playing in the Interleague Team!

Keira also is a two-time player who has played for an interleague netball team, where she participated in three netball tournaments. Her team played in Melbourne for the championship. Keira also played a three-by-three tournament at Warragul, on the brand-new courts. Her team is now qualified for state, three by three! Congratulations Keira!

National Day of Action Against Bullying

Friday 16th August.

Wear a touch of purple to as we embrace this years theme,

"Everyone Belongs".

Belonging means we all have a role in preventing bullying. We're encouraged to speak up and create a safe place where everyone feels supported and respected, and our voices are heard and valued.

Book Week!

Dress up and join us to celebrate this years theme, 'Reading is Magic' on Thursday 22nd August.

The 'Book Swap' will also be back for the second year during book week. Stay tuned for more information.

Do you have a book to donate to for the 'book swap?' Mr White and Mrs Magyar are collecting the books in the library.

RICK's Garden

-Together we Grow-

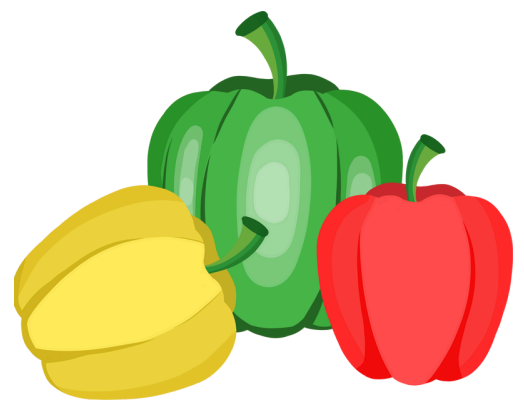

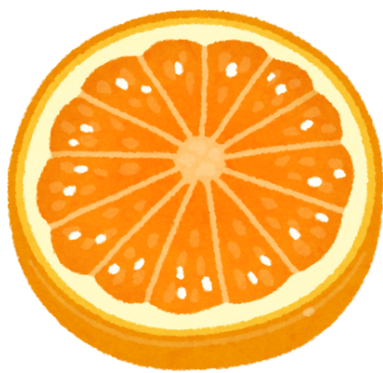

On Wednesday, the 31st of July, the Community Engagement Leaders, Sustainability Leaders, Principals and School Council President, along with some others, had a meeting about our community garden.

We decided on a name for it;
RICK's Garden and
a motto; ***Together we Grow.***

We discussed how to go about a creating a plan for building it is, how we are going to make it and many other aspects of the garden. We're very excited about this term and what we're going to do with the garden. Stay tuned for updates on how **RICK's Garden** is growing!

From the office...

School Office Hours

Our lovely admin staff are available to help with any questions or queries between **8.40am** and **3.50pm**.

Duty of Care

Staff supervision and duty of care is between the hours of 8.40am and 3.45pm.

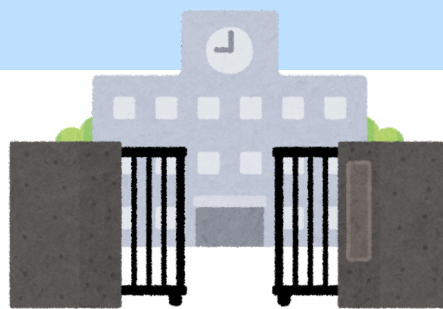

Any students on site outside these hours must be enrolled in **out of hours school care**.

Please note: We can no longer accommodate the number of students waiting in the office and students will now be waiting outside at the storytree.

The office will be following up with families where students are on site too early or too late.

Year 6 Graduation Working Party

If you would like to volunteer to join our Year 6 Graduation Working Party (to help either on the day or on the days celebrations), please put your name down on the list at the office.

Gates

For student safety, our gates are locked between **9.10am** and **3.25pm** daily.

Families can access the office via the front admin gate.

School success starts with attendance

Attendance

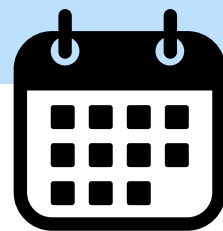

If your child is absent, please update Compass with the explanation. **Messages will be sent out at 9.45am for unexplained absences.** WNPS staff will be following up with unexplained absences daily.

Every day at school counts...

Missing even **one** day can make a **difference** over time
